Single width staggered strip

www.pacolighting.com

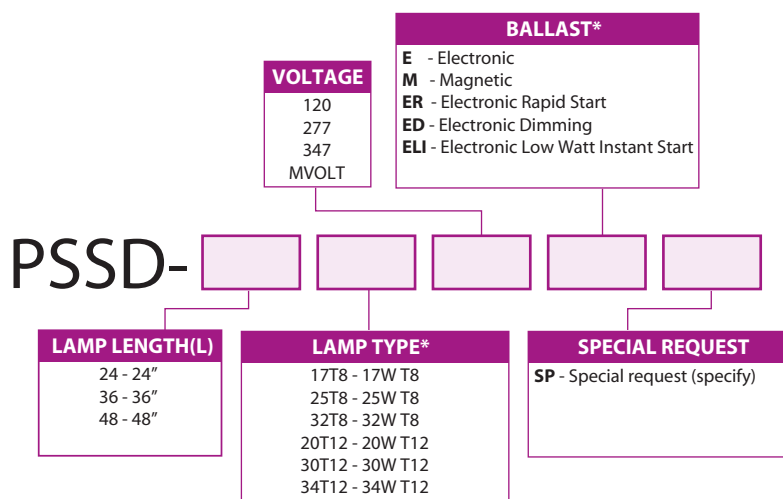

Single-width staggered fixture for applications that require uninterrupted illumination.

DESIGN FEATURES

- ▶ Low profile CRS housing - only 1-7/8" thick
- ▶ Channels offset at both ends in order to accept adjoining fixtures
- ▶ Within a fixture, the lamps overlap by only 4"
- ▶ Adjoining fixtures overlap by 4" in order to provide continuous single-lamp illumination
- ▶ Welded ends for enhanced structural strength
- ▶ High reflectance white enamel powder finish applied post-production - smooth edges for safe handling
- ▶ Fully enclosed wiring
- ▶ Certifications: CSA, UL

TO ORDER

* Please consult the reference section on p.72 for additional options. For special applications, please contact your Pa-Co sales representative.
